PARAMETER

Unit:MM

CCT

Mini size power: 24W
Big size power: 35W
Small size fixture dimensions: Ø230
Large size fixture dimensions: Ø280
Input voltage: 85V-265V
Fixture material: PMMA + ABS + PS

LED Type: 2835
Color Temperature: 3000K/6500K/
4000K/RGB
Features: Stepless dimming across
three color temperatures;
flat surfaces create overlapping layers
of light and shadow, producing a strong
three-dimensional effect.
Base Type: E27 or ceiling-mount

Non-isolated constant current
Three-level adjustable brightness
Suitable for indoor lighting applications
such as homes, shopping malls,
and restaurants.
